WHO WE ARE

A specialist partner for demanding environments.

Real Cleaning is a national specialist cleaning contractor trusted by construction teams, manufacturers, logistics operators, facilities managers and property owners.

For 28 years, our teams have delivered complex, time-critical cleaning projects across the UK. We combine experienced supervision, specialist access, modern equipment, robust safety planning and photographic sign-off.

01 / OUR SERVICES

Fitout

The final finish that reveals the quality of your project.

From builders cleans through sparkle and final handover, we work around programme pressure and phased completions to present every surface at its best.

- Builders and sparkle cleans
- Retail and office fitouts
- Handover and defect support
- Terrazzo floor polishing and restoration
- Floors, glazing and detail finishes

FITOUT | INDUSTRIAL | EXTERNAL

Industrial

Complex sites. Specialist access. Controlled delivery.

We clean factories, warehouses, production areas and high-level structures with site-specific planning, trained teams and the access equipment required to work safely and efficiently.

- Factory and warehouse deep cleans
- High-level and structural cleaning
- Food and hygiene environments
- MEWP, SpaceVac and specialist access

INDUSTRIAL / SPECIALIST SERVICE

Audit Cleaning

Inspection preparation. Controlled delivery.

Specialist deep cleaning for food, beverage and manufacturing sites preparing for BRCGS, SALSA and relevant ISO-based audits. We target high-risk and hard-to-reach areas to an agreed site scope.

- Pre-audit surveys and targeted cleaning plans
- High-level structures, floors and production areas
- Site-specific zoning and contamination controls
- RAMS, COSHH information and photo handover

AUDIT PREPARATION

Ready for scrutiny. Backed by evidence.

SURVEY / PLAN / DELIVER / DOCUMENT

What we hand over.

- 01** A defined site-specific cleaning scope
- 02** Documented completion and photographs
- 03** A clear, accountable handover

External

Restore the outside. Protect the asset.

Our external teams remove weathering, traffic film, carbon, algae and construction residue from commercial buildings using carefully selected methods and access systems.

- DOFF and steam cleaning
- Pressure and reach & wash
- Cladding, brick and stone
- Graffiti and facade restoration

HOW WE DELIVER

Clear control from first survey to final sign-off.

01

SURVEY

We assess the site, programme, access, risks and required finish.

02

PLAN

A clear scope, quotation, RAMS, equipment plan and mobilisation schedule.

03

DELIVER

Experienced supervision, trained teams and live communication on site.

04

SIGN OFF

Quality checks, photographic evidence and client-approved handover.

Designed to reduce uncertainty, protect the programme and give every stakeholder confidence.

OUR PEOPLE

The people behind delivery.

A hands-on leadership team supporting experienced crews nationwide.

OUR TEAM

Experienced. Accountable. Human.

Our office and operational teams work as one: planning the detail, solving problems quickly and keeping clients informed from survey through to sign-off.

Friendly, professional and committed to the finish, our people take ownership of every project they deliver.

REAL TEAMS. REAL ACCOUNTABILITY.

SELECTED EXPERIENCE

Proof in the projects.

LOUIS VUITTON | NEW BOND STREET

Rapid specialist mobilisation

Specialist high-level cleaning at the flagship store ahead of an important visit, delivered with the right access equipment and careful protection of a high-end environment.

AI illustration - service representation

CPP | EXTERNAL CLEANING

Moss & algae hazard removal

External pavements and walls cleaned to remove moss and algae, eliminating a slip hazard for site employees. Site-wide walkway and access-route treatment.

ASDA | TAMWORTH

50,000 sq ft hygiene clean

A four-person team delivered a four-week hygienic deep clean to approximately 50,000 sq ft of internal cladding.

WHY REAL

Safe hands for high-stakes cleaning.

- Nationwide mobilisation from a central UK base
- Experienced, uniformed and trained operational teams
- Specialist equipment and access capability
- Detailed RAMS, supervision and quality control
- Photographic reporting and accountable sign-off
- Built on repeat business and long-term relationships
